

metaphysical set

Metaphysical exercise sessions in thought, through songs and images.

Song cards will contain images by artists with work relating to and/or inspired by the songs.

Lyrics will be on the reverse side of the song card artwork, along with a link to download the audio for free.

Sets will be chosen and arranged by the interactors through selecting song card images that resonate with them.

symbol legend

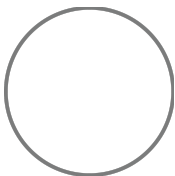

Metaphysical experience can be broken down into 3 main fountainheads: Will, Love, and Light.

Will is the first, and most primal function that creates metaphysical experience.

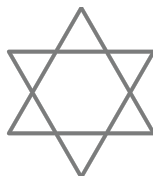

Love is the feeling of unconditional acceptance and can be related to infinitely vibrating energy, which exists everywhere.

Light is Will impressed upon Love, or the vibrating energy of Love, clothed in photons for material experience.
